

Speaker Profile

YOUR NAME	Angelo Fontana
Job Title	Institute Director Professor of Organic Chemistry
Institution/Company	Consiglio Nazionale delle Ricerche Università degli studi di Napoli
Phone:	081 8675018
Email:	Email: angelo.fontana@cnr.it angelo.fontana@unina.it
Address	Via Campi Flegrei 34, 80078, Pozzuoli Napoli Via Cinzia 21, Napoli
	

Professional summary

Angelo Fontana (ORCID N. 0000-0002-5453-461X; WOS RESEARCHER ID C-3354-2012) is Professor of Organic Chemistry at the Department of Biology of the University of Naples "Federico II" and Director of the Institute of Biomolecular Chemistry of CNR. He coordinates the group of Organic Chemistry and Chemical Biology with focus on natural products and small molecules. He is recipient of numerous national and international funding grants, and conounder of the biotech start-up BioSEArch. He received the 2009 Apivita Award from the Phytochemistry Society of Europe for his contribution in the field of natural products. He has supervised more than 20 doctorates, and his research activity is summarized in over 400 papers, communications and patents. He is a permanent member of the international scientific committees of the MANAPRO and ECMNP, and fellow of the Division of Organic Chemistry of SCI and of the Post-doctorate section of the Japan Society for Promotion of Science.
