

Speaker Profile

YOUR NAME	Federico Forneris
Job Title	President of the INF-ACT Foundation, Vice-Rector for Research, University of Pavia
Institution/Company	INF-ACT Foundation, Hub of the MUR PNRR Extended Partnership on Emerging Infectious Diseases Department of Biology and Biotechnology, University of Pavia
Phone:	0382 985228
Email:	presidente@inf-act.it – federico.forneris@unipv.it
Address	INF-ACT Foundation, Corso Strada Nuova, 65, 27100 Pavia The Armenise-Harvard Laboratory of Structural Biology, Dept. Biology and Biotechnology, Via Ferrata 9A, 27100 Pavia

Professional summary

Graduated in Physical Chemistry (Univ. Turin), PhD in 2007 in Basic and Applied Bio-Molecular Sciences (Univ. Pavia/IUSS), where continued as postdoc for one more year. Between 2009 and 2013 postdoc in structural biology in the Bijvoet Centre, Utrecht University (NL), then he returned to Pavia in 2014 thanks to the Armenise-Harvard Foundation Career Development Award and the MUR-"Rita Levi-Montalcini" program. Since August 2023, he is Full Professor of Molecular Biology at the University of Pavia. In 10 years since his first appointment as Principal Investigator, he published several articles high-profile international journals, and secured funding for research through several competitive research grants from various national and international funding agencies. His research activity focuses on the characterization of extracellular macromolecular systems using biochemistry, biophysics and structural biology. Since 2021 he serves as Vice-Rector for Research at the University of Pavia and since 2022 he is President of the INF-ACT Foundation.
